Product Technical Data Sheet

MANUFACTURER: AG Termopasty Grzegorz Gąsowski
ul. Kolejowa 33 E, 18-218 Sokoły, phone 86 274 13 42

AG Spaw protect

Odorless, non-stick, Freon and silicone free agent. Perfectly protects the surface of material, working edges, tools, and the burner nozzle to prevent sticking of the molten metal spatter, Has no adverse effect on the welding process. Preventing the adhesion of weld spatter, the preparation significantly reduces the cost of processing the final product after welding.

Application:

- anti-adhesive,
- perfect protection of welded surfaces against spatter.

Physicochemical properties:

Parameters	UoM	Result
Color	-	white
Density	g/cm^3	0,98
pH	-	6
Odour	-	characteristic

Packagings:

Volume	Type of packaging	Collective packaging	Item Code
400 ml	aerosol	4 / 24	ART.AGT-131

Warehousing:

Store in a well-ventilated, cool place. Keep away from children. Protect from sunlight and temperatures above 50 ° C/122°F. Professional use: in original, properly labeled, tight collection, in cool, dry, well ventilated.

Data contained in this document are consistent with the current state of our knowledge. They describe typical product properties and applications. However, it is up to the user to examine the suitability of this product for specific applications. We deny liability for the obtained results on the grounds that application conditions lie beyond our control.
