

# Product Technical Data Sheet

## Assembling lubricant

Assembly grease to prevent seizure of metal thread parts exposed to extreme pressure and humidity. It is designed for sealing threaded connections under high pressure conditions and at elevated temperatures. It provides easy assembly and disassembly of connections. Prevents seizure of threaded connections. In operation, the grease exhibits very good adhesion properties to the surface. Protects against rust and corrosion. Provides good oxidation resistance. Resistant to water.

### Application:

- assembly of car silencers.

### Packagings:

Volume	Type of packaging	Collective packaging	Item Code
100 ml	aerazol	4 / 20	ART.AGT-214

### Warehousing:

Store in a well-ventilated, cool place. Keep away from children. Protect from sunlight and do not expose to temperatures exceeding 50°C. Professional application: keep in original, properly labelled, airtight containers in a cool, dry, well ventilated storage room (in a fireproofed building).
